

Parent/Guardian Guide to Helping Your Student Select Courses

It is time to help your student select his/her classes for next year. While you may select the classes from your account (using the instructions on the following pages), we recommend that you login with your student to her/his account and select the courses together.

- ❖ You will find a list of available classes, graduation requirements and other resources on our [website](#).
- ❖ Please be sure that your student chooses 28/28 units which is a full schedule.
- ❖ Class selections will be reviewed by the guidance office before they are approved.
- ❖ Final schedules will not be available until summer. When schedules are available, a notification will be posted on our [website](#), on the Campus Portal and on our Facebook page.
- ❖ Students will have time to request schedule changes after the schedules are finalized and released only if there is an error in their schedule or a class was completed during summer school.
- ❖ If you have questions about selecting courses, please contact the guidance office of your student's school.
