Education Update

Superintendent Bennett discussed recommendations to the preschool model beginning with the 2020/2021 school year. She said it would be offered five days instead of four days to everyone and noted that she wanted to increase the cost. She noted that the increase is still lower than other tuition in the area. She also said there would be more adjustments to better align preschool to our kindergarten program and other preschool programs in our area. Superintendent Bennett reported that Clarksville Middle School had been awarded a \$15,000 Indiana Youth Institute School Capacity grant. She congratulated Mr. Dakota Jackson, CMS teacher, for writing and submitting the grant. Superintendent Bennett said the state board would be meeting the next day to vote on the hold harmless legislation. She said letter grades would be released afterwards.

Superintendent's Reports

Superintendent Bennett discussed increasing the daily sub rate with Kelly Services from \$65 a day to \$70 a day as well as decreasing college requirements from 30 to 24 completed college credits. She noted that these changes would be more in line with other area districts.
