#### **F. Insurance**

The school **does not** carry insurance that will cover a student if an injury occurs at school. However, the school corporation contracts with an insurance company for student insurance that will provide coverage on a school-time or 24 hour basis for a very reasonable fee. The student insurance plan is available to all students of Clarksville Middle School if their parent/guardian chooses to carry this insurance for his/her student. Information & application are available at the time of registration, as well as from the nurse or the central office. Again, insurance is the responsibility of the student & his/her parents/guardians, both for health insurance & for personal property.

#### **G. Wellness**

It is a researched and documented fact that our society is suffering from unhealthy eating habits and not enough exercise. The state has mandated that each school corporation develop a health & wellness policy. This policy will affect our schools in a variety of ways. We do not yet know the full impact the policy will have on our daily routines but we do know this is in the best interest of all concerned. Our school has no vending machines for student use. As a school we will discourage and greatly reduce food and beverages of minimal nutritional value. The type of food sold and allowed in the cafeteria will be in accordance to the policy. Students will not be allowed to have soft drinks or fast food brought in to the cafeteria. A complete copy of the policy is available in the principal's office.

Appropriate behavior allows student to have a positive learning environment, & students will be expected to contribute by behaving responsibly. Students, parents, & teachers share in maintaining this productive climate, so that students may reach their fullest potential. Behavior contracts are the responsibility of the student to carry to each class and have it filled out by all teachers assigned.

### **D. After-School Administrative/Teacher Detention**

3. Parents will be advised in advance of serving this punishment, so that arrangements can be made for transportation.

### **E. Suspension and Expulsion**

for the  
this policy is

The Board of School Trustees of the Clarksville Community School Corporation has provided a procedure handling of student suspension, expulsions, and exclusions from school. The basic premise of fairness and adherence to student due process.

1. In-school Suspension - (ISS) is one method of handling chronic and/or less severe behavior problems. The student serving ISS reports to an assigned area for part of or the entire day, receives work from their classroom teachers, but attends no classes. Students serving an in-school suspension will not be allowed to attend or participate in any extracurricular event on the day of the suspension. This is served in the CMS ISS Room. Students who fail to follow ISS expectations will be removed from the ISS room and suspended from school (OSS) on the day of the occurrence.
2. Out-of-school Suspension - (OSS) may be used for more serious behavior problems, for students

who are repeat offenders, or for students who pose a threat to safety or the educational environment.  
A school administrator may suspend a student for a maximum of ten days. Students who are suspended out-of-school are allowed to make up work missed in classes with the exception of major tests, projects, reports, etc. which profoundly affect grades. In addition, students who are given out-of-school suspension will be excluded from all school activities from the time a suspension is assigned until the beginning of the school day when the student is expected to return.

3. Expulsion - will be requested by school officials when a discipline matter is either so serious or so chronic that such action is warranted. \*When a student has reached the 8th day of out-of-school suspension the parents will be notified in writing that a recommendation of expulsion may be made at the 10th day of out-of-school suspension. The length of the expulsion period may vary from the balance of a grading period or could extend for the duration of the then current semester, the remainder of a school year, or might even extend into the next school year depending on the date and the severity of the offense.

#### **F. Suspension Procedures**

When a principal (or designee) determines that a student should be suspended, the following procedures will be followed:

1. A meeting will be held prior to the suspension of any student at this meeting the student will be entitled to:
  - a. A written or oral statement of the charges;
  - b. If the student denies the charges, a summary of the evidence against the student will be presented; and,
  - c. An opportunity to explain his or her conduct.
2. The meeting shall precede suspension of the student except where the nature of the misconduct requires immediate removal. In such situations, the meeting will follow the suspension as soon as reasonably possible following the date of the suspension.
3. Following the suspension, the parents or guardians of suspended students will be notified in writing. The notification will include dates of the suspension; describe student's misconduct, & action taken by the principal.

#### **G. Expulsion Procedures**

When a principal (or designee) recommends to the superintendent (or designee) that a student be expelled from school, the following procedures will be followed:

1. The superintendent (or designee) may conduct an expulsion meeting, or may appoint one of the following persons to conduct the expulsion meeting:
  - a. Legal counsel
  - b. A member of the administrative staff who did not expel the student and was not involved in the events giving rise to the expulsion.
2. An expulsion will not take place until the student and the student's parent are asked to appear at an expulsion meeting conducted by the superintendent or the person designated above. Failure by a student or a student's parent to appear at this meeting will be deemed a waiver of rights administratively to contest the expulsion or to appeal it to the school board.
3. The request to appear at the expulsion meeting will be in writing, delivered by certified mail or by personal delivery, and contain the reasons for the expulsion and the date, time, place, and purpose of the meeting.
4. At the expulsion meeting, the principal (or designee), will present evidence to support the charges against the student. The student or parent will have the opportunity to answer the charges against the student, and to present evidence to support the student's position.

5. If an expulsion meeting is held, the person conducting the expulsion meeting will make a written summary of the evidence heard at the meeting, take any action found to be appropriate, and give notice of the action taken to the student and the student's parent. The student or parent has the right to appeal the decision of the person conducting the expulsion meeting to the school board within 10 days of the receipt of notice of the action taken. The student's or parent's appeal to the school board must be in writing. If an appeal is properly made, the board must consider the appeal unless the board votes not to hear the appeal. If the board hears the appeal, it will consider the written summary of the expulsion meeting and the arguments of the school administration and the student and/or the student's parent. The board will then take any action deemed appropriate.
