Registration

Current Student Re-registration

Families with students who are currently enrolled and planning to attend a CCSC school next year should log in to their [Campus Portal account](#) to online registration. Select "more" from the drop down box on the left and select "online registration". If you have a new student (grades KG-12) to enroll for next year, you will add that student to the application with your existing students on the "Student" tab in the application.

If you are a returning family who needs to register a new student for the current school year, you should log in to the [Campus Portal](#) and add that student using the "New Student Registration" button in Online Registration. Be sure that you choose the appropriate school year from the drop-down box.

If you do not have a Campus Portal account, contact your school to get your Activation Key. If you have forgotten your username or password, use the links on the Campus Portal login page to recover that information. If you need assistance after that, call the school.

New Student Registration

[Application](#)

[Non-Resident
Transfer Form](#)

You should pre-register your student (grades KG-12) via our online registration system prior to your appointment. Be sure to select the correct year in the "Registration Year" box. If you are the parent of an incoming Kindergarten student, you can find more information [here](#).

Only one application needs to be completed per family. *Out of district families will need to fill out a transfer form for each student. Once your application has been submitted, please contact the appropriate school(s) for next steps. For a smooth registration process, please gather all necessary paperwork- including child's birth certificate, immunization records, proof of residency and special scheduling documentation (IEPs, 504 plans, etc.).

Weather Guidelines

We know that weather can be unpredictable and sometimes affect our school operations. We want to ensure that you are well-informed about our decision-making process and procedures in case of inclement weather. Our top priority is always the safety and well-being of our students, staff, and families.

Beliefs:

- We believe that school is the best place for students to learn and grow, and we want to minimize any disruptions to their education.
- Parents have the right to make the final decision about sending their children to school or keeping them at home in inclement weather.
- Communication and collaboration are essential for ensuring a smooth and safe school experience for everyone. In the event of a school delay/closure we will notify parents through Infinite Campus via phone, email, and text as well as the local media & social media.

With this in mind, we have prepared a set of guidelines that outlines potential inclement weather situations.

NEW INDIANA DEVICE LAW

NO PERSONAL COMMUNICATION DEVICES BELL-TO-BELL

What families need to know for 2026-27

Beginning July 1, 2026, Indiana law requires public schools to restrict student use of personal wireless communication devices for the entire school day - not only during class.

FROM THE FIRST BELL TO THE LAST BELL

Personal devices must remain stored away and inaccessible unless an approved exception applies.

DEVICES COVERED

- Cell phones and smartphones
- Smartwatches connected to a phone, cellular network or the internet
- Personal tablets, laptops and gaming devices
- Other portable devices capable of voice, messaging or data communication

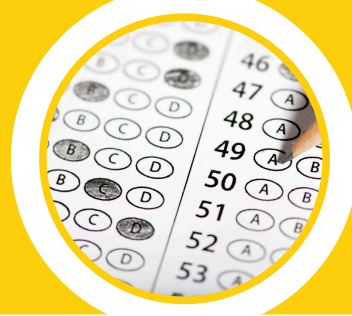

LIMITED EXCEPTIONS

- Required by an IEP or Section 504 plan
- Needed to manage a documented medical condition
- Authorized by school leadership during an emergency
- Needed for language translation when school-managed options are unavailable

HOW FAMILIES CAN HELP

- Talk with your child about keeping personal devices put away throughout the school day.
- Use the school office for urgent messages instead of contacting your child directly.
- Watch for school-specific details about storage, consequences and emergency communication.

Technology

Acceptable Use

At Clarksville we are proud to be a 1-to-1 school for devices, meaning every student receives a Chromebook for school use, and we want to ensure that our students have access to the best technology available. As part of our commitment to providing a quality learning environment, we would like to remind you of our Acceptable Use Policy for Chromebooks. The policy states in part:

“All Clarksville Community School Corporation (CCSC) students and staff are responsible for their actions and activities involving the school district’s computers, electronic devices, network and Internet services, and for their computer files, passwords and accounts.”

While the Chromebooks are free to use, any damage to the devices **will** incur a charge. We want to emphasize the importance of taking care of these devices so they may be used by future students. Please be reminded that it is your student’s responsibility to ensure that the devices are handled appropriately and they are monitoring them at all times. You can find the “Acceptable Use Policy” below, and we strongly encourage you to review it with your child to ensure everyone understands the guidelines for proper use.
